

December 2008 Newsletter

God has been truly good to us. We have met so many wonderful people that are sharing their ministries with us. Saturday we will go to a new mission field about one hours drive from Santa Domingo. We look forward to reporting on this great new opportunity.

Christmas Gift Giving

Contributions are coming in with specific request to purchase what may be once in a lifetime gifts for the children we are working with. We are looking into buying toys that the children might never receive except for the generous giving of the supporters of GMD Global Ministries, Inc. If you would like to make a tax deductible donation for the purchase of toys for the children, please go to our Contact Us / Donate page. Please designate for general ministry use or children's toys.

As you know last month they received the ultimate gift, the plan of salvation. We will not be trying to outdo that gift. Just bring a little happiness into the lives of the beautiful children of this beautiful island.

Health Care Needs

We are working with local professionals to bring in dental teams to care for the poorest of the people in Santo Domingo and surrounding areas. Target date for first dental mission team is mid-February. We envision this ministry growing rapidly as the need is great.

We encourage you to share this information with your health care professionals and to check our website for specific information as it develops. We will need dentists and dental assistants willing to come to the Dominican Republic for a week to make this happen. Please keep this effort on your pray list.

Personal Note

We were saddened by the loss of one of our mission team members. He was struck by a car and killed. We commend his soul to God and press on with new clarity of purpose at just how precious life is and the importance of spreading the word. We ask your prayers for his wife and five children as they adjust their lives without husband and father.

The English speaking church we attend on Sundays will have pot luck lunch after services Sunday and we are looking forward to time with fellow Christians at the International Baptist Church. Please visit the Spanish congregations' website for pictures of the church. Please visit the English congregations' website at www.ibcdr.com for additional information. Yes, that is Ruth in the picture in front of the church.

Pictures

We are adding pictures of our current missions to our website. Take time to check them out.

Coming soon to our website will be viewing in Spanish, as well as English. This will need your prayers that God will provide the translators and technicians to make it happen. If you click on Spanish and get an "under construction" sign, please pray harder.
