

January 2009 Newsletter

Wow, 2009 already and we are excited about everything this new year will bring. Our adventures continue to take us exciting places.

Health Care Needs

Plans are coming together for the Free Dental Clinic in February. We are pleased to have such wonderful response from fellow Americans with compassionate hearts for children in need. We are still looking for a sponsor(s) to help provide toothbrushes and toothpaste to give to the children after they get their teeth cleaned. Teaching them the best dental care is a lost message if they do not have the supplies to follow through. We trust God will provide.

Dentists from American and the Dominican Republic have committed to making this clinic a success. We look forward to explaining that the clinic is free to them because someone else paid the price for them. Just like Jesus Christ paid the price for their eternal salvation, all they have to do is believe and accept the gift. Powerful.

It is not too late to help. Contributions can still go to purchasing supplies that will be needed and for the plan of salvation literature.

Personal Note

Passages for the month from David

First I thank my GOD through Jesus Christ. Romans 1:8 (KJV)

Train up a child in the way he should go; and when he is old, he will not depart from it.
Proverbs 22:6 (KJV)

We continue to take each day as it comes. We have learned many life skills not found in America (who is ministering to whom). We see miracles happening all around us – did they not happen in America, or were we just too busy to notice God’s handiwork. We rely on God to provide our needs and give special praise when he provides for some of the wants as well. We are grateful for family and friends that have sacrificed to help this ministry succeed and thank God for them.

To our Christian readers, always remember where ever we are, at home, at work, at play, or on a designated mission field, we are all witnesses for God. GMD Global Ministries, Inc. encourages you to stand strong in God and know that you are the best examples of Christians some people will ever see. We are in the world, not of the world.
